

## **School "Andrea Durrsaku" in Kamenica with the bicycle parking**

In March 2015, FIQ has allocated a grant for high school vocational "Andrea Durrsaku" in Kamenica, to build bicycle parking in the courtyard of their school.

This, it is probably the first project of its kind in the country. The aim of the project is to provide secure parking and convenient bicycle service of students and school personnel, "Andrea Durrsaku", and it seems a very good initiative and motivation for young people to use bicycles.
